

Mali

Summary of country engagement at SWA

Priority country : Systems & Finance

Mali joined SWA in 2010. The government of Mali, through the Water and Sanitation directorates, organizes annual sector meetings of all stakeholders to ensure sector coordination and to review progress towards the SDGs and the elimination of inequalities, and uses the SWA Framework to guide discussions. The main findings and recommendations, are set out in a roadmap for the implementation by the government and partners. The SWA team in Mali includes representatives of all five constituencies.
