## Summary of country engagement at SWA

### Priority country : Political prioritization & Multi-stakeholder approaches

Honduras joined SWA in 2017. Honduras aims to achieve, within the vision statements of their National Plan (2010-2022) to: reduce by half the percentage of people without sustainable access to drinking water by 2022 and to reduce to less than 10% the percentage of people without sustainable access to drinking water by 2034.

### Commitments by the government

Commitment	Body / Organizations	Target Year	Progress Description	Constituency	Progress
------------	----------------------	-------------	----------------------	--------------	----------

Ensure the water and sanitation institutional framework prevails for effective sectoral and intersectoral coordination among stakeholders at all levels to directly contribute to achieving the targets of SDG 6, leaving no one behind, in terms of access to drinking water, sanitation and hygiene services.	Consejo Nacional de Agua Potable y Saneamiento (CONASA)	2022		Government	Reviewing progress
---	---	------	--	------------	--------------------

Make progress to reach SDG 6 targets and to reduce gaps through strengthening the national monitoring system, through incorporating existing strategic systems for information, regulation and control, including the Rural Water Information System (SIASAR) and the Regulatory Information System (SIRAP).	Consejo Nacional de Agua Potable y Saneamiento (CONASA)	2022		Government	Reviewing progress
--	---	------	--	------------	--------------------

Promote financing mechanisms to address the priority actions in the National Drinking Water and Sanitation Plan by 2022, establishing the National Water and Sanitation Fund (FONASAN) to ensure sufficient resources to meet the targets of SDG 6 and reduce inequalities.	Consejo Nacional de Agua Potable y Saneamiento (CONASA)	2022		Government	Reviewing progress
---	---	------	--	------------	--------------------
