## Summary of country engagement at SWA

Jordan joined SWA in 2016. In early 2020 the government of Jordan is working with UNICEF to develop a roadmap to achieve SDG 6.2.1. The government is represented by the Ministry of Water and Irrigation. The ministry will work in 2020 on developing a monitoring and evaluation system for the rest of the SDG 6 indicators that will help the ministry to follow up the implementation of the interventions and to evaluate the performance for future improvement.
